### Covid-19 Pandemic discussion:

Becky discussed the current Riverside statistics regarding Covid-19 positive cases. Currently, there are 5000 active cases with 200-300 more new cases every day. About 1/3 of those cases are asymptomatic. Had an open discussion on how, as a club, we should proceed forward with keeping health and safety in mind of all our club members and community. Currently Canyon Lake has 13 active cases of Covid-19.

Points/topics that were brought up was: club liability with any club events, club waivers, possibly following the USAT and state guidelines with Phase 1, 2, 3, meet-ups for trainings, possible Covid-19 waiver, using Strava as a way to stay connected with our members and train virtually and have friendly competition. Currently, the club has a Strava club page. It is currently administered by a previous club member. Maria will reach out to him and request admin approval.

After taking consideration of all points made, suggestions, concerns etc, a collective decision was made and the club will proceed with the following:

The club will hold off on our social events and races at this time. Club members continue to train and those who want to do informal workouts that are not under the club direction can continue to do so. Club members can utilize the Facebook club page and or the club email chain to communicate with other members about workouts/trainings.

The club will be using the Strava club page to also be an avenue to connect with others virtually and have monthly challenges. Club members are encouraged to join the Strava page.

Membership: All agreed to have all current memberships to roll over for next year.

Next meeting TBD. Meet sometime in August/September to discuss the roll out of term members. Board members terms will end at the end of this year.

- Christmas party will be hosted by club member, Laine (date to be determined)
- Tree decoration: Karin volunteered to take lead on this.
- Becky will send out an email to all club members with club's discussion on how to proceed

Next meeting: TBD

Meeting adjourned at 7:53 pm
