Upcoming events:

Splash and Dash Olympic Triathlon-Saturday June 26 at 7am at Mark's house. We still need volunteers and Maria will send out an email reminder to ask for others as we have 4-6 right now. Maria is requesting participants to RSVP by Monday and will then send out the route. There is an option for both sprint and Olympic distances. Discussed volunteer duties, aid stations, and course set up. Mark will get the buoys for the swim. Maria/Matt will do the course marking by east gate; Mark/Paul will do up to Vacation Drive; will ask Lainie if she will cover towards the main gate. Karin will look into getting a timer display. Maria made the event in Strava so others can join in posting their times.

Super Sprint Family Event-Saturday July 17 at 8am (adults) and 9am (kids) at Indian Beach. ¼ swim, 10K bike, 1.5 mile run. Karin recommended we promote to the community and will start working on the flyer. There are medals in the trailer for the kids.

Pedal and Paddle Regatta-August 14. Karin has reached out to the POA but hasn't heard anything back.

Half Ironman-August 21

New Business:

Mark and Matt will go to the trailer this week to get items and assess its upkeep needs.

Discussed the idea of having it a requirement for members to volunteer, or provide someone to volunteer for them, to increase support in our need for volunteers at our events. This would be in good faith and place the request on the application. Mark brought up the idea of reaching out to another club and making a donation for them to supply us volunteers. Karin suggested volunteers receiving incentives such as visor, etc. Paul recommended trying to get kids to volunteer for community service hours.

Club Gear-T-shirts and visors are in production and will be available next Saturday. We are going to move forward with performance gear from Voler. They have sent Karin designs with 3 different print options. Other ideas included changing to darker blues or adding a lighthouse to represent Canyon Lake rather than having it in writing. Karin will email out the designs for input from the club. Karin will bring all the sizing samples of the jerseys, shorts, and bibs to the June race so everyone has an opportunity to try the gear on. Once we know what we want, Voler will set up a website and members can place orders within a certain time frame.
