New Business:

2022 events may include January-Polar Swim and February-off road/mountain bike tri. There was also a discussion about decreasing the number of big events and adding in paddle board options for the triathlons we put on. Maria brought up the idea of having a progression of tri events starting with super sprint, then sprint, then building up to Olympic distance (months TBD).The Facebook page is great for people to plan meet ups and work outs.

The Secretary position will be open January and has not had any volunteers yet. Karin said she would consider doing it if no one else steps up because she has done it before.
